

StraPack RQ-7000M

AUTOMATIC STRAPPING MACHINE

Automatic strap loading

High speed – 50 bundles/minute

Robust, stainless steel construction

Ready to operate in less than 20 seconds

The RQ-7000M is a stand alone automatic strapper ideal for moisture-laden meat, poultry and seafood processing environments, the corrosion-free StraPack RQ7000M automatic strapping machine is manufactured from stainless steel and waterproof materials.

FEATURES & BENEFITS

High Speed Solution

The RQ-7000M boasts the advanced high-speed sealing head of the RQ7000 and many features of the RQ-8 such as strap self-loading, re-feed and loop ejection.

innovative Design

Moisture protection features: stainless steel construction, fully enclosed cabinet, side sealing design, reinforced lower cabinet, permanently lubricated mechanisms.

High Speed Sealing

The high speed sealing head can strap up to 50 bundles without compromising strap tension.

Self-Loading Strap

Automatic, self-loading strap eliminates complicated manual threading.

Ready to Operate Quickly

The RQ-7000M is ready to operate in less than 20 seconds, meaning more up time.

Adjustable Table Height

The roller table height is adjustable to three positions; 624mm, 642mm, 664mm (24-1/2", 25-1/4", 26") and can be removed to fit into an existing conveyor system.
